INTRODUCTION OF THE NEW REGISTRAR

We are proud to announce the appointment of Mr. Morena Letšosa as the Registrar/CEO for the South African Geomatics Council (SAGC) with effect from 23 April 2024, let's welcome him to this historic role and responsibility entrusted.

Morena brings a wealth of experience as a Geospatial Information Strategist and Advisor, with a proven track record in senior management roles. Known for his innovative approaches, professionalism, and strong coaching skills, Morena is dedicated to driving excellence and growth in the geomatics industry.

With a deep commitment to excellence, Morena's leadership will bring new perspectives and initiatives to the Council. His passion for promoting diversity and inclusion, combined with a strong belief in the power of collaboration, will guide the Council towards a more dynamic and inclusive future.

In addition to his professional achievements, Morena is a God-fearing individual who values integrity, ethical conduct, and service to others. His strong faith and values will undoubtedly inspire and guide the geomatics community towards higher standards and greater unity.

His unique blend of skills, experience, and values will undoubtedly bring positive change and progress to the geomatics profession in South Africa.

Join us in congratulating Morena and supporting his vision for a brighter future for the geomatics industry and profession.

Yours faithfully

.....

NG MOJAPELO, G Pr. MS 0168
SAGC: CHAIRPERSON
